TECHNICAL INFORMATION

FloorCleaner Concentrate

Application

Coverage

One quart makes 25-50 gallons of ready to use Hardwood Floor Cleaner.

Cleaning Process:

- Dilute FloorCleaner Concentrate 1:100-1:200 with water
- Moisten the area you like to clean with the Hardwood FloorCleaner.
- Do not flood/saturate the floor or leave puddles.
- Use a microfiber or terry cloth towel mop to wipe the area dry and clean.

General guidelines

Cleaning of tools: Clean tools and equipment with water.

Safety Precautions: Even when working with low or zero-emission products the usual safety measures must be taken. Keep away from children. Do not eat, drink or smoke in working areas. Wear suitable safety gloves. Clean left-overs off of hands. Change soiled clothes.

First Aid: If swallowed, do not induce vomiting. Call for medical help immediately. Never give anything by mouth to an unconscious person. If breathing is difficult or other respiratory complaints, remove to fresh air and get medical attention. In case of eye contact, immediately flush eyes for several minutes under running water. Generally this product does not cause skin irritation. Call a physician if irritation occurs.
